Dear Chairman Pai,

I write to support the Comments of the Cable Act Preservation Alliance ("CAPA") and to disapprove of the proposals and tentative conclusions set forth in the FCC's September 25 Further Notice of Proposed Rule Making in Implementation of Section 621(a)(1) of the Cable Communications Policy Act of 1984 as Amended by the Cable Television Consumer Protection and Competition Act of 1992, MB Docket 05-311.

I value my local community supported TV station, CMCM Marin TV, and my freedom of speech as my most valued freedom as well as the freedom of all people to speak freely. Today it's not as simple as it once was to stand on a box on Main Street and tell others what you feel and believe, today it's about getting yourself in front of community supported media and informing your community of what you know and why it's important that they know. All who wish to be heard can't be by for-profit stations, so our community media station is all we have and we are grateful for its existence, thank you!

I believe continuing support of community media stations as we do today is vital to a healthy and open democracy and especially beneficial in advancing an inclusive, and wholesome community culture. Regardless of one's origin, color, race, religion, age, or political orientation your continued support of community tv will help protect free speech rights of all people, not just the rich and famous.

Thank you for listening.
